

PRO-WEAVE™

THE SURFACE TO RELY ON

Achieving an outstanding level of success.....

"I am proud to be the owner of the Company that has made wooden bowls floors the preferred option for Clubs and the Worlds' top bowlers. Since 1987 my system has proven itself many times over and all the Clubs on our installation list will support this. Installation is carried out by our own regular team of joiners and the materials are prepared in our own workshops by joiners, some of whom have been with me for the 35 years I have been in business. I have always insisted on the finest quality products and workmanship to ensure complete customer satisfaction.

Dickie Dales

To be chosen to provide the portable rink complete with our UK manufactured PRO WEAVE™ surface by the World Bowls Tour for the World Indoor Championships and all major events is the highest endorsement we could wish to achieve. I will continue to maintain the standards we have set and which others try to follow and I look forward to the opportunity of discussing any requirements you may have."

Dickie Dales *MANAGING DIRECTOR*
